### **Additional expected costs**

We estimate that the au pair may incur other costs during his/her year in America. Of course your cost will vary depending on your lifestyle, and whether you want to travel home at some point during the year. All of the costs listed below can easily be covered on your weekly wage, which will be at least \$157.95 (Regular au pair) or \$118.46 (Educare au pair).

**You are responsible for travel to American Embassy and to the airport overseas.**

### **Entertainment cost**

We estimate that most au pairs spend \$1,000 on entertainment expenses during the year.

### **Education cost**

Your host family will provide \$500 towards the cost of your education. This may cover your total cost, but no matter which au pair company you choose, *your education cost depends which subject you take and where you study*. Some au pairs spend an additional \$1,000 on their education.

### **Travel cost**

Most au pairs spend money to travel around the US after the end of your studies. We expect most au pairs will spend \$1,000.
